

# New Sunburst with the goodness of Coconut Oil.

New Sunburst is the first Australian table spread to be made with Coconut Oil. Many people consider Coconut Oil to be a super food with numerous benefits. Plus Sunburst contains no cholesterol, no artificial additives, is dairy free, nut oil free, gluten free, soy free, lactose free and salt reduced. And because Sunburst is made by Nuttelex, you know it tastes great and it's a super healthy alternative to other spreads.

**Good for you. Good for Orangutans.**  
Sunburst is Palm Oil free which is great news for Orangutans. 5 cents from every Sunburst pack sold is donated to the Orangutan Foundation International Australia to help buy back and save their natural forest habitat.
